To Mrs Erika Batho

Gambettolle, 21st september 2007

Ref: CE-Marking Ekobit

Dear Mrs Erika Batho,

Making reference to the certification of the bitumen flashing tapes called EKOBIT Isoltema SpA declares that this material is the result of the cutting of the membranes called ELOTENE DS already CE-marked according to the EN 13707 and EN 13970.

This means the technical data of Ekobit are the same as the ones of Elotene Ds.

The values indicated in the conformity data sheet have to be considered as the minimum ones we guarantee

Kind Regards

Giovanni da Roit
Responsabile CE-Marking
Isoltema SpA
